

Announcing the 2024 Mildred's Dream Foundation Mentorship Award

The MDF Mentorship Award is presented to an individual who truly embodies the legacy of Mildred Piltch's authentic, altruistic and giving spirit. This individual unknowingly serves as a role model within the community and provides guidance, motivation, and support to others in both their professional and personal lives. They are genuine in their desire to see others succeed and are dedicated and committed to improving the world around them. This individual is highly influential in the lives of others and has been an invaluable part of another's personal and professional growth and success, creating a positive ripple effect in the community.

Nominations are due October 1st and the winner will be announced at our donor and grantee appreciation night on November 16th at Needham Country Club. A donation will be made in the recipient's name to a charity (501c3) of their choice.

Form to submit nomination:

"The MDF Mentorship Award is presented to an individual who has served as an outstanding mentor to a mentee(s) or protege(s) and has made the world a better place just by being themselves. This individual provides guidance, motivation, support, and serves as a role model in both their personal and professional life without question or thought. It truly is just who they are. They take great pride in their role in a mentee's success and are dependable, engaged, authentic, and tuned into the needs of others. Their dedication and commitment are driven only by a desire to serve as a resource, help others in their community, and make the world a better place. The care and concern for others are part of their DNA. This individual has unknowingly been a positive influence in the lives of others as well as an essential and invaluable part of their personal and professional growth and success. Mildred would be proud to call this person a friend."
