

MDF Young Professional Philanthropists Committee

Are you interested in giving back to local charities, volunteering and learning about philanthropy along with other young professionals? MDF is launching a Young Professional Philanthropists (YPP) Committee with social opportunities, fundraising events and leadership opportunities.

Are you a Young Professional?

Young Professional Philanthropists are young professionals up to 35 years old who harness their ambitions not only for their careers but for the improvement of the communities they live and work in.

YPP understands that they can amplify their impact by working Mildreds Dream Foundation. Through gifts, both financial and of time, Young Philanthropists give back to programming at community based nonprofit organizations supported by MDF

- Visit (2) 2024 Grantee within the year to represent MDF
